ACKNOWLEDGMENT

My sincere thanks to my friends and patrons who have been with me for all these years with confidence and encouragement, helping me financially or practically when I needed it most!

Special thanks to my committed fellows working in the background for the progress of my project!

Their advocacy opens me doors to face the financial challenge.

Thanks to the specialists of the team AAA. ARTS AND ARCHITECTURAL APPLICATIONS who gratuitously work for the realization of our vision:

Sven Wachsmuth / programmer /
development computersimulation

Johannes Binder / media network specialist /
planning data network

Tom Rothmann / architect /
constructive and technological support

Micha Strobelt / volunteer /
modelbuilding + assistance

Further thanks to:
